

Call for projects

You think:

Discrimination has no place in Tübingen.

All people should have equal rights.

All people should be able to participate.

No one should be attacked, excluded or devalued.

You want to get active and have an idea for a project?

TAKT (Tübingen Active Against Discrimination) is the right place for you!

2024 we support projects with up to € 7500. These are our priorities:

- **Racism:**
We support projects for the rights of people who experience racist discrimination. They are directed against discrimination based on skin color, origin, religion and other characteristics.
- **Ableism:**
We support projects for the rights of people with disability. They are directed against social barriers and discrimination based on physical and (mental) health.
- **Queer:**
We support projects for the rights of LGBTIQ+ people. They are directed against discrimination based on gender identity (e.g. trans, non-binary) or sexual orientation (e.g. lesbian, gay, bisexual).
- **Intersectionality:**
We support projects that are intersectional. It means that several categories of discrimination come together in a person and reinforce each other. They cannot be separated from each other.
